Dear Supporters;

First of all let me say thank you for your continued support of our School's Music Program. You may or may not be aware of the fact that Columbia High School Marching Band is the 2007 Flight IV Champion of the Michigan State Marching Band Competition, and we have once again been chosen to produce the 2009 Michigan Competing Band Association State Finals program and yearbook.

This publication will be distributed primarily at the Michigan State Finals, held at Ford Field, in Detroit November 7, 2009. This event draws a crowd of between 25000 & 30000 people over the course of the day. These people are all people who use your product and or service. In addition to the spectators and participants, each member band director and the adjudicators for the event receive complimentary copies. In addition it will be available in the local area at band events with any remaining stock.

In addition to the exposure you receive, your participation in this publication helps support both the Michigan Competing Band Association, the Columbia Music Association, and the Columbia Schools music programs in their quest to support and help fund activities for students, who will become our future leaders.

Please look over the accompanying sheet and see what size ad best fits your situation. We are offering an additional opportunity to get localized exposure by adding \$50 to any ad and becoming a band patron. That small additional investment will have your company noted on all programs for choir and band concerts for both the middle and high school and you will receive a certificate acknowledging your support.

I thank you in advance for your support. If you have any questions. Please contact our program coordinator Peggy Warren at 517 592-3209 or pldarnell@comcast.net

Sincerely

Ed Warren
